Consider Joining the PCF

The Prairie Conservation Forum is made up of many member organizations that are committed to the conservation of Alberta’s prairies and parkland. Part of this process involves working together and sharing knowledge of what work has been done, what work is currently being conducted, and what work needs to be done in the future.

Get Involved

- Support activities that maintain healthy prairie landscapes
- Join a conservation organization
- Contact a local elected official and tell them that maintaining intact native prairie is important to you
- Support restoration and reclamation activities
- Take your friends and family out on the prairie!

Our Vision

The biological diversity of native prairie and parkland ecosystems is secure under the mindful and committed stewardship of all Albertans.

The wild and open prairies are highly valued as part of our Canadian heritage. What we work to preserve today will be our legacy to future generations.

Alberta Prairie Conservation Forum

The PCF began in 1988 and is a large voluntary coalition of stakeholder groups. Members are interested in the conservation of native prairie and parkland environments in Alberta.

GRASSLANDS
The World Beneath Your Feet
The Prairie Conservation Action Plans (or PCAPs) are five-year blueprints aimed at prairie-wide efforts to conserve and manage native prairie species, communities, and habitats. The Prairie Conservation Forum exists to promote the Alberta PCAP and to provide an ongoing profile for prairie and parkland conservation initiatives.

Alberta’s PCAP is linked to a larger prairie conservation strategy. Similar action plans in Manitoba and Saskatchewan promote prairie-wide conservation practices.

Read Alberta’s current Action Plan at [www.albertapcf.org](http://www.albertapcf.org).
